STEEL ROUND PANCAKE BOXES

Material: Galvanized Steel

Application: These ceiling pan boxes have conduit knock-outs or clamps for nonmetallic sheathed cable. They are used to mount ceiling and wall lighting fixtures when a shallow depth box is required.

Advantages: Ceiling pans have a shallow depth that allows boxes to be surface mounted directly on studs. Their versatile combination head 8-32 screw can securely fasten fixtures to electrical junction boxes using a slotted, Phillips, or Robertson head screwdriver.

Field Names: Pan box, round box, round outlet box, round fixture box, biscuit box, pancake box, shallow depth box, electrical mud box, sconce light box, round electrical box.

UL File No: E527209
