4" SQUARE BOXES & EXTENSIONS 1-1/2" DEEP

Material: Galvanized Steel

Application: These 4" square boxes with conduit knockouts are installed in walls or ceilings for lighting fixtures, switches, receptacles or other outlet devices. Square boxes are used to bring power to a number of electrical devices where multiple conductor runs are split in two or more directions.

Advantages: 4S Boxes can be surface or flush mounted when multidirectional conduit runs are necessary.

Field Names: 4S Box, 1900 box, 1900 electrical box, 1900 junction box, conduit box, J-box, concentric box, conduit junction box, outlet box, drywall mud box, standard 1900 box, square conduit box.

UL File No: E527209
