4-11/16" SQUARE BOXES

Material: Galvanized Steel
Application: These 4-11/16"square boxes with conduit knockouts are larger boxes that are installed when larger sized conductors are required. These boxes are great for industrial applications.
Advantages: 5S boxes provide extra volume for wiring and devices. They also have versatile combination head screws that can securely fasten a cover to an electrical junction box using a slotted, Phillips, or Robertson head screw driver.
Field Names: 11B box, 11B junction box, 5S box, 11B box, 5S box, electrical box, junction box, **UL File No**: E527209
